<sup>A</sup> Only Subchapter D (open-enrollment) charters have a cap. There is no cap on Subchapter E (university) charters.

<sup>B</sup> "Returned" includes returned, revoked, rescinded, denied renewal, abandoned, expired, and merged.

<sup>C</sup> The 75<sup>th</sup> Texas Legislature authorized the creation of an additional 100 open-enrollment charters and an unlimited number of 75% at-risk charters. This brought the cap on open-enrollment charters to 120.

<sup>D</sup> Includes Generation 7 charters approved July 13, 2001 prior to the September 1, 2001 change in statute combining the two types of charters.
