Message:
Attention All:

This comment is in reference to the new redistricting for SBOE, Senate District 6, Congressional District 29, and State Representative 148 area:

1. Our underserved communities are mostly low income or below poverty level, comprised of brown and black minorities who are vulnerable, elderly, single parent household or multi-families units in which many or about 50% rent.
2. Our communities lack funding and the resources relevant to education, healthcare, insurance, childcare, housing, employment opportunities, transportatio, income, parks, pet education, care and facilities for pet control and populations to name a few.
3. My request is that you take the above information into consideration when redrawing

the map lines or redistricting our areas fairly and consider equally populated districts to reflect the population growth in our underserved areas.

4. This is an opportunity to equally draw our lines according to our populations and according to the number of residents and that all districts are divided and populated equally.
