Regarding: Senate

Message:

Regarding Redistricting.

I was a resident of Houston/Harris County for about 15 years and witnessed the impact of racial redistricting to create Democratic Power in the Texas State Congress, which had nothing to do with the needs and desires of people that lived in that area. It was all about the size of the welfare checks.

I have been forced out of the urban area by crime and taxes. I do not want to see the rural areas of Texas destroyed by Redistricting resulting from committees of non-elected power brokers. I would sooner see a basic computer program designed by (A) Population (B) Proximity (C) Geographical Boundaries - roads/rivers/Power lines/county lines.

I want by Elected Representative to be accountable for redistricting.
