Message:

Dear Committee Members~

I would like to express my objection to the current US congressional coverage maps in the Central Texas area as it pertains to my community of Wells Branch in the [REDACTED] zip code. The map as drawn, splits our neighborhood right down the middle through Katherine Fleischer Park- a space where our community joins for play, festivals, events, and community. By breaking our district into two pieces, the northern portion- the one I live in- TX-10, and the southern one, TX-37, essentially breaks up and dilutes our collective community voice. Our population belongs in total with the more urban district of Austin proper and not with a more rural district that includes my parents who are 2.5 hours away with different needs and priorities. Our community being broken into two different political representations does not make for accurate or fair representations of who we are as a community. I am asking and hoping that this committee will consider uniting Wells Branch together under TX-37. Thank you for the time and energy you put into your work. And for the support for the people you serve.

Thank you,  
Cristy Ragland  
Wells Branch Resident

[REDACTED]
