Message:

Redistricting was supposed to be a fair and open process in our community, but instead, maps were released a few days before they were voted on! The community was told at the last minute that if they wanted to make a comment, they must appear in person and this is not a fair and open process. The importance of keeping communities together, not divided along a partisan line must be recognized and respected, and a district should reflect this fairness. On both sides of the aisle!
