Regarding: Senate

Message:

For the past years, we have been working so hard to turn our district red. You were able to see the results in the last presidential election. The people spoke and many of the areas flipped. Unfortunately, the new redistricting maps that you are proposing make the momentum very challenging. It almost feels as if you, the GOP, want our areas to remain blue. I understand that lines are redrawn every ten years following the U.S. census, but this redistricting will not benefit us in any way. We need more representatives that put our country, our state, and our values first, and sadly Democrats only care about open borders, mandates, and themselves.
