Message:

The proposed authoritarian partisan gerrymandered map has been proven to weaken the vote of citizens in populous communities (over 2 Million in Harris County alone). Engage an Independent Redistricting commission to draw districts that prioritize Communities of Interest, keeping all counties with over 194K intact. Place both maps on the ballot and let citizens decide. GOP will no longer be able to cheat to retain their power to serve their donors. We can prove that you intend to discriminate against POC with these maps in violation of LBJ's voting rights laws.
