Message:

Thank you for taking on this task. Please consider that Texas is now a minority majority state, and yet our legislature does not come close to reflecting that.

Please consider or legislature should represent ALL of our citizens. Currently our urban areas are sliced like a pie, which avoids true representation of these areas and unfairly shifts representation to favor those in rural areas. I will hold you all in the light as you complete this very important process that will determine fair representation of our citizens and affect our state for years to come.
