Message:

It would be helpful for our democracy is you were to try and make all districts as close to 50/50 as possible. Make our representatives have to consider ALL of the people in their districts and not just those that politically or philosophically align with them. We should not marginalize any group, regardless if we agree or disagree with their idea. This practice of placing all democrats in districts and majority republicans in others is not conducive to a working government.
