Message:

I live in Fort Bend county and have just reviewed the proposed realignment of Senatorial districts. I am very active politically in many different political organizations and also serve as a precinct chair. As a result of this I have become very familiar with Senator Kolkhorst and witnessed the relationship she has with her constituents. The counties and areas she currently represents are tailor-made for her. Senator Kolkhorst is a woman "of the Land" and "of the people." She hunts, has livestock and relates so well to the people in the counties she currently represents. It is a perfect fit. She has worked very hard and forged fabulous relationships with the people who live in those areas.

While I know Senator Huffman is very competent in the execution of her duties, her style will not comport well with the counties and areas now being redrawn into her district.

I understand the reason for redrawing these lines, but it is going to be very painful for the citizens in the affected counties. I fear it will leave a feeling of resentment and abandonment. Senator Kolkhorst has worked harder than I have ever seen any politician work and I really do not think this is fair to her or her constituents.

I respectfully ask that you reconsider your decisions and find another way to make adjustments. It is the fair and just thing to do.

Sincerely,

Evelyn Montalvo  
Precinct chair 3063  
Fort Bend County
