Message:

I do not understand the thinking behind the redistricting plans for district 16. Those two rural communities are not relevant to the residents in 16. They should remain separate from our district and according to the map it just shows an attempt at gerrymandering to me. I sincerely hope you will not go forward with this plan. I want my representatives to live where I live and the people in those two counties probably feel the same way.

Thank you for your attention to this matter!
