Message:

The lines proposed in DFW, particularly districts 12 and 16 are clearly Gerrymandering attempts to amplify the voices of certain socio-economic classes while grouping others together in larger, irregularly drawn districts to minimize the impact of opinions that may be increasingly the majority voices in our state. A fair process of representation demands that lines of districts be drawn more regularly and with more consistency in regard to size of population, but LESS attempt to group like votes together within districts.
