Message:

Texas is a diverse and growing state. We deserve election districts that reflect the wishes of the many different communities of interest, including fair representation of people from all racial and ethnic groups. The current maps were gerrymandered to harden Republican control of the state, and do not support fair representation for all Texans. We deserve better! We should implement a non-partisan election council to determine fair election boundaries and let ALL Texans vote for their interests and needs. Thank you!
