Affirm public info: I agree

Regarding: Senate

Message:

In learning about the process of redistricting, I understood that the ideal is when it is possible a county should be in a single district. I understand this is based on population. Tarrant County has been unfairly split in the current redistricting. This makes no sense to me. As an individual citizen, I believe the common interests of the people of Tarrant County have been ignored. I believe Senate District 10 should be returned to its previous configuration as a single county district. The current map reflects a partisan politicization and does not meet the best practice advocated for redistricting.  
Respectfully, Marilyn Kepner
