

## **Parent Comments from the HISD-CEP Partnership Program**

*"I have two children who have attended CEP. For my daughter, initially, it was a difficult adjustment. After some time, she appeared able to change and she and I attribute her experience at CEP as being beneficial to this process. For my son, CEP has been very consistent in applying the structure (rules) and guidance that he needed. Everyone at CEP has been helpful to him. He states he knows he has an opportunity to return to Madison H.S. and be a "different" person. Thank you CEP."*

Ms. Janet McCathern, Mother of a Middle and High School Student

*"CEP has helped my son Joant Fernandez with his grades and conduct. He has changed for the better. His grades have improved a lot. The teachers have helped him and explain to him the material. At the beginning I was not happy with him being here, but I do like the way he has improved and for that I am very thankful."*

Silvia Molina, Mother of a Middle School Student

*"My son Tre Daniel attended CEP in 2005. I feel the staff was very helpful and concerned about my son. They all worked with him to move on and be successful. Now he understands and knows the tools to be successful. Thank you CEP for everything you did."*

Lisa Daniel, Mother of a Middle School Student
