Message:

I have watched CD15 change from a rural/agricultural area when it included Bee County and areas East.

With the last re-districting and the addition of Guadalupe County, CD15 has become more balanced between rural and urban populations.

The 2020 election proved how this District is already evenly balanced with 50% Dem/47% Rep vote. In 2012 (before re-districting), it was 60% Dem/40% Rep.

I am asking your consideration to not make any changes in this District at this time due to this history.

Thank you for your time.
