Hello Valued Public Servants,

In reference to SB 591-

I urge you to consider amendments to SB591, or HB1604 regarding Public Facility Corporations to include entities also facilitated by Municipalities, to hold them to the same standards of Public Housing Authorities. One of the most important parts of this process is notification of all taxable entities, and having those entities make resolutions to approve or deny PFC project tax exemptions. Also Public Facility Corporations facilitated by PHA's or Municipalities should have to have Public Requests for Proposals to give local businesses and contractors in the State of Texas an opportunity for these projects, so that there are not just outside entities (out of state) companies forcing these Multi-Family Housing Projects. As Texans we should always support local businesses and developers over outside companies.

Respectfully,

Bryce Boddie
