Message:

I want to just emphasize that those who are seeking the privilege of represent a people, need to be an example of morality, know very well the issues the people they seek to represent are facing, and especially work for those who are more in need, etc. They also need not to seek for power or to stay in power; but to work to improve and solve their situation, especially, for those who need it the most. I would like to have access to your public debates, after work hrs, because we cannot see it live due to our work situations; so please make it available (recorded) for public view after work hrs. Thanks again for your time.
