Message:

You need to make the redistricting fair, I believe the most fair way is a bipartisan committee or an independent committee represented by both parties equally. Then this partisan congress actually follow the guidelines of said committee.

DO NOT GERRYMAND the state as it is now, do what is RIGHT by your constituents and not the party in power. I know this process is an honest way of handling the redistricting, and I also realize this is a lot to ask for just based on the fact that taxpayer monies are being wasted on yet a third (3rd) special session.

It is more than obvious that the present government entities in this state won't stop the special session(s) and the waste of taxpayer monies until their desires are met.
