Message:

I oppose the current redistricting plan as I feel it splits my community in Montgomery County in half and diminishes a largely conservative population amongst more liberally aligned values. I, we, in my area would have no vote. This redistricting eliminates the majority conservative population in Montgomery county from having a voice amongst what I and others feel are liberal politics. It feels as if the intent here is to split up conservatives and negate their vote and voice. I feel this is an attempt by to undermine conservative constituents that do not want to be comingled with a wholly liberal democrat voter base in Harris County. Leave us alone, we don't want your redistricting and meddling with conservative voter representation!
