Message:

Your re-drawing of districts in the Dallas-Fort Worth area is an outright disgrace to our changing population and their right to representation. Your drawing of district 12 lumping the wealthy white suburban areas in 3 counties together with rural WISE COUNTY is extreme gerrymandering. Per your new map, my town, Highland Park, which was in district 16, would now be in district 12. The needs of the citizens in the center of Dallas are far different than those who live up in Wise County or suburban Tarrant County. Please stop drawing maps for political gain and power. Draw them to allow our citizens to be represented fairly about issues the true majority of the population care about. This legislative session has shown that party lines are more important than your actual constituents.
