Message:

I am a resident of Hays County. In your proposed redistributing map, our community is split and the part I live in is connected with counties that have very little in common with us. This is a travesty. Our county is the fastest growing county in our great nation. We have issues that we need to address and you've split us up. This is wrong.

The gerrymandering around almost every Texas metropolitan area is disgusting. Our community has asked for fair maps. The proposed maps have all been severely gerrymandered breaking up communities of interest.

I don't mean to be disrespectful, but this map is shameful. This and the other proposed redistributing maps that I've seen from the legislature make a mockery of our political system.

I expect you to make changes based on the balanced input from organizations like the League of Women Voters.

This map deserved to be thrown out not pushed through. I know you can do better. Anyone could do better.

With best regards,  
Cynthia Cassidy
