Hello,

I am submitting my written comments here to show that I am willing to do my civic duty and raise my voice to have a voice in the legislative process of my hometown and state. As an Asian American student, I've had the diversity of Austin to call home, and am proud of my community and culture. Please do not split up Asian American populations. Let our voices be heard in the civic process. I encourage you all to stand for our strength as a community and our voices. Asian Americans are a part of America's history as integral as any other, and deserve the right of fair representation.
