Message:

As a resident of Dallas, precinct 2051, and a RISD family, we are appalled at the proposed redistricting for much of the Richardson area. The proposed map in no way shows alignment with many of the more rural areas to the west, and I find it striking that a diverse, Democratic leaning area is being so blatantly targeted as a way to silence the votes of the majority of residents in our area. It is apparent that the current Republican representatives have decided rather to focus on policies that represent the diverse interests of Texans, they would rather cheat to remain in power. North Dallas and Richardson areas are a diverse, true reflection of the rest of Texas, and our voting power (and your desire to suppress it) shows that true democracy is a threat to the current majority.
