Relocation of West Pearland,
and adjacent area into CD-9.

Currently my part of CD-22, has had to work hard, to gain a receptive ear from our Congress Members. However, the last three elections, proved our value. The proposed change will make us an even smaller part of a CD, who would be headed by a Democrat-Socialist; Green, or Lee. While Democrat voters may welcome a Democrat Congress Member, unless they are Democrat-Socialist, they will soon realize they have less, "clout," than they do now; with a Republican Congress Member.

At the Country level, where we live, as a Republican voter, I find this truly alarming. For a decade, I have warned County Republicans, that if they lose this area, they will lose the anchor, of the County. Yet now, "Republican leadership," is simply giving it away. This will provide a home base, for at least a decade, for Democrat-Socialist, to make inroads, and potentially win,

base by base, Brazoria County;
as well as strengthen their
hold on Fort Bend. A ship can
operate without an anchor;
however, once the storm comes
in, its importance suddenly
becomes obvious.
