Regarding: Senate

Message:

Dear Senate,

My name is Lorena Higuera and I live in District 136. I love my community and our local Representative John Bucy. But, the views and needs of our community are not reflected in our current district lines.

During the pandemic, I have become closer with my community. I see families of all different backgrounds and situations. It has become clear to me that the current district lines are unfair and suppress the voice of me and the people around me.

I worry that the lack of transparency and the people who are drawing the maps will lead to unfair maps. Look around, who are the people drawing the maps? They are not reflective of my community. What are you hiding? What right do you have to make the decisions for the people without having an equal representation on your team that reflects the community?

I am asking for transparency and fair maps that represent my community.

Thank you,

Lorena Higuera
