Message:
To the Committee,

I am a student at the University of Texas at Dallas, which, in the past ten years, has experienced rapid growth, including a massive expansion in on-campus living. The University is in a unique situation, being split between Dallas County and Collin County, and as a result, is represented by two members of Congress, as well as three members of the State House. This creates a situation where our students and all of those served by our campus have no one member of these legislative bodies that we can reach out to.

Because of these problems, I am asking that the committee take into consideration placing the whole of the University, as well as the Northside off-campus apartments immediately to its north, in the same Congressional district, as well as the same State House, State Senate, and SBOE districts.

Thank you,
River Bluhm
