Message:

I've lived in Parker County for 53 years. The population explosion has caused an infrastructure nightmare. There are thousands of homes being built as well as businesses. Splitting the County based on ethnicity and sociology-economic numbers is not practical at this time. In order to maintain the quality of life for people from all ethnicities and economic statuses, the county needs to have strong representation. Dividing this county could decrease the funding needed for infrastructure if a division of priorities arises.
