Affirm public info: I agree

Regarding: ALL

Message:

What happened to simple geometry? I strenuously oppose gerrymandering that makes many districts look like shapes we used as children to identify in cloud formations. If you'd like to cement yourself in power, you should start listening and crafting or supporting legislation that has popular backing. On this score so far, you are failing (which will make it much harder for me to vote for you). Anybody who opposes Abbott, Patrick, and Paxton has my immediate support.
