Message:

Dear Redistricting Committee - I am writing with regards to the redistricting currently being considered with regards to Montgomery County. It is my view that Montgomery County is undeniably a "community of common interests and unique natural resources" and thus deserves representation in the Senate by one or two Senators whom represent similar areas of interests. It is my fear that comingling Montgomery County with other adjacent counties will result in Montgomery County residents' interests' being diluted and not having the unified voice in the Senate they deserve. This is all further magnified by the rapid growth in the county and the future need to represent that population.

I urge you to fight to either (1) keep the current districting or (2) establish Montgomery County as its own district.

Respectfully,

Dustin Spinks
