Message:

I join all those strongly urging you to make voting more fair-- more American! by creating fairly drawn districts.

In order for this to happen, we all first have to know the basis for redistricting decisions. We need the process to be transparent.

I want to trust that you have the interests of all your constituents in mind as you prepare for this process.

We all know what we're talking about in this debate: preserving political power vs preserving democracy.

Thank you for your service to all your constituents and to the principles of democracy.
