Affirm public info: I agree

Regarding: Senate

Message:

As the Senate Committee on Redistricting begins hearings, I ask that the committee take “compact and contiguous” seriously. I want the data on where the population growth has occurred to be reflected in fair maps. Stop cracking and packing minority and urban districts to deny the communities a representative of their choice.

I live in Austin, and have never had a Democratic Representative because the districts stretch Travis county into a pinwheel. We’re the largest city in Texas without a single anchor district. It’s deliberate dilution of our voices. Please stop doing this.
