Regarding: Senate

Message:

I believe strongly that the Lake Conroe area is a “community of common interests and unique natural resources” that merit the full attention of a State Senator or Senators that represent similar areas of interests. I believe we have had that proper balanced management of growth and natural resources with our current Senate district representation structure.

I believe it is in our best interests to maintain the current Senate Districts represented Senator Nichols and Senator Creighton with the only reasonable alternative to keep Montgomery County within one district – District #4 under Senator Creighton if we cannot maintain the two districts as they are currently.

Suzanne Smith
