Message:

The redistricting of Montgomery County is not in the best interest of the County. Much of our area is being lumped into Harris County which will dilute our Red vote and put us under leaders that follow the Democratic narrative. Montgomery County is predominantly Conservative/Republican and we have formed a close bond with our representatives, even the Democrat ones. To break up the community with this redistricting would be more damaging to the County than helpful. These representatives have grown up in this community and regardless of what side of the aisle they sit, they understand the concerns and needs of the community. Placing us within the Harris County boundaries diminishes our voice and forces us to fall in line with a representative that most of the County does not agree with or have a bond with. The Harris County officials do not understand the needs and concerns of Montgomery County and redistricting us this way will be damaging to the people of Montgomery County.
