Regarding: House

Message:

I submit to the House Redistricting Committee my objection to House Bill 1 scheduled for public hearing on October 4, 2021.

The proposed redistricting map splits the City of Jersey Village in half among two proposed congressional districts.

This is problematic for many reasons, not limited to, but including: [REDACTED]

1. No other town of its size and population has been split between districts in the proposed map including similar-sized cities in more wealthy parts of Harris County. [REDACTED]
2. Splitting the city between districts hinders the city's ability to work with a single trusted elected official on needs. [REDACTED]
3. The specific lines drawn scream of gerrymandering and demonstrate a ham-fisted approach to controlling demographics between neighboring districts.

It is my hope that the Committee reconsider the map to allow for Jersey Village to remain within one congressional district.
