Regarding: Senate

Message:

Thank you committee for this opportunity to ask that you draw compact districts that are fair to all Texans. The current lines disenfranchise large segments of our population.

I am in the far west area of district 17. It continues east all the way to Nacogdoches. My area has NOTHING in common with rural east Texans, except for our humanity. In this way, you have injured me and my ability to have effective representation from my congressional representatives.

Districts should have representation that truly represents them. Reps who live in the area and understand our needs.

Again we need fair, compact maps so we truly get the representation we pay for every day.

Thank you for your serious consideration,
Susan Stewart
